**王宗岳的《太极拳论》**

Wang Zongyue's "Taijiquan Treatise"  
**is the oldest Tai Chi transcript ever discovered.**

Wang's theory has significant importance  
to guiding one's training path,  
and this applies to any traditional Tai Chi practitioners.

This seminar is **theory only**, more suited  
for **experienced practitioners** with a **martial focus**.

**James Gao** is a 6<sup>th</sup> generation traditional Yang Style Tai Chi specialist, with lineages to both Yang Chengfu and Yang Ban Hou.

He has over 40 years of martial arts experience, from internal as well as external styles. While hands-on in both forms and application training, James, through his research, has gained wealth of knowledge in classic Tai Chi and other Chinese Internal Martial Arts theories.

His ability to articulate the essence of those is well-regarded by his peers and students.
