

25.5.20

Hi to all members

In preparation for class resumptions, which will vary from State to State but are coming soon, I am pleased to be able to advise that the MAIA has today released the:

'COVID SAFE MARTIAL ARTS SCHOOL CERTIFICATION PROGRAM'

This new course has been developed for all Australian Martial Art instructors to conduct classes during the current COVID-19 pandemic. Staying up to date with the current guidelines, you will learn the fundamental knowledge required to conduct martial arts classes and give your students the confidence to return to their regular training in a safe and protected environment.

This is a mandatory course for all MAIA members and accredited instructors i.e. All instructors in your school must complete this course. The course is online and it is free.

To become a certified COVID Safe Martial Arts Instructor, go here:
<https://www.openlearning.com/courses/covid-safe-martial-arts-school/>

The course will form part of our industry Covid 19 resumption plan.

I have attached the Policy document.

The logo and class support poster are also attached but may only be used once you are Covid Safe certified.

The COVID SAFE MARTIAL ARTS SCHOOL CERTIFICATION PROGRAM is and will be supported by the martial arts industry, government and media and will form the basis of the largest public awareness campaign that has ever been undertaken by the Martial Arts Industry.

Best regards

Walt
